- the Policy expires;
- if under a term of this Policy we replace your Device for a new one.

### Our rights to cancel

We may cancel your Policy if you have breached your duty of disclosure, breached a provision of this Policy, provided false information or for any other reason permitted by law, including but not limited to non-payment of Premium, or fraud.

## 2.2 Non-transferable Policy

This Policy applies to the specific Device and to the insured noted on the Policy Document. It is not assignable or transferable to any other person or Device without our express written consent.

## 2.3 Cancellations

### How to Cancel

Should you wish to cancel this Policy just reach out to us at:

**Phone:** 1800 316 719

**Email:** [cancellations.au@domesticandgeneral.com](mailto:cancellations.au@domesticandgeneral.com)

### Cooling-off period

This refers to the time during which you may cancel your Policy and receive a refund of your Premium less any government taxes, levies, duties or charges we cannot recover. A fourteen (14)-day cooling-off period applies from the date the Policy period commences.

### After the cooling-off period

With D&G Protect Plus you have the flexibility to cancel your Policy anytime. An administration fee of \$30 will apply.

If you wish to cancel your Policy after the cooling-off period, you will need to allow us fourteen (14) calendar days to process your request.

### Cancellation Example:

If you cancel your D&G Protect Plus Policy after the cooling-off period we will retain the proportion of premiums already taken for the period of cover provided.

We will not refund your Premium if you have already made a claim on the Policy. All refunds for cancellations are calculated on the remaining full months of cover left on the Policy. We will retain any tax and duties we cannot recover, plus we will charge an administration fee of \$30 from the refund amount due.

### When you will not get a refund

A refund will not be issued if a claim has been made on your D&G Protect Plus Policy.

## 2.4 Policy renewals

D&G Protect Plus is a 36-month insurance Policy paid upfront at point of sale of the Device. This Policy does not renew.

## 2.5 Mechanical & electrical breakdown

Mechanical and electrical breakdown is a sudden and unexpected failure of the Device caused by a mechanical or electrical fault. Your Device is covered for mechanical and electrical breakdown caused by wear and tear from general everyday use. It excludes noises and any cosmetic damage like scratches and dents.

Your breakdown cover starts after your manufacturer's warranty ends and your Device must be in Australia to be repaired or replaced.

### How does it work?

If the Device suffers a mechanical or electrical breakdown during your coverage period and your manufacturer's warranty has expired, we'll pay to fix or replace it. You won't have to claim against the supplier or manufacturer or assess your rights under the Australian Consumer Law.

### What's not covered in mechanical and electrical breakdown?

You are not covered for loss, damage or costs as a result of:

- any repairs that are not authorised by us
- damage to software, data or external drives
- damage caused by batteries or other items (even if they were working correctly when you purchased the Policy)
- not being able to use the Device following mechanical or electrical failure
- Mechanical or electrical breakdown caused by faulty or incorrect installation, unless we completed the installation.

### When will we replace?

In some circumstances we may decide to replace your Device if we believe that it is unrepairable or the cost of repair exceeds the cost of replacing the Device.

## 2.6 No fault found

We will cover the inspection fee, even if the repair agent can't find a fault with your Device. The repairer will invoice us directly. In the unlikely event that you have to pay the bill, we will reimburse you the cost incurred on receipt of a valid tax invoice.

## 2.7 Workmanship guarantee

We're confident in the workmanship of our approved repairers, which is why all repairs are guaranteed for a minimum of three months, even if you cancel your Policy.

## 2.8 Accidental damage

Accidents happen – that's why we cover accidental damage for eligible Devices. Your Device must be in Australia to be repaired or replaced.

### What is covered?

If your Device suffers accidental damage during the period of cover, we will fix or replace the Device.

The accidental damage cover includes damage caused by accidental drops and falls, as well as liquid spills.

### What is not accidental damage?

We will not cover you:

- if you negligently or deliberately misuse your Device;
- for any loss, damage or costs caused by faulty or incorrect installation, unless we completed the installation.

## 2.9 New for old for the life of your Policy

If we can't fix your Device, we'll replace it with a brand new one.

### What kind of replacement will I get?

Where possible, we'll replace your Device with the same or similar brand, model and specifications, up to the original purchase price.

### What if the same specification is not available?

If a replacement of similar specification isn't available, we may issue you a Replacement Credit up to the original purchase price of your Device which can be used for a new purchase at any Camera House store.

### Will my cover continue on my replacement Device?

Your cover will not transfer over when your Device is replaced with a new one or if we issue you with a Replacement Credit. However, the purchase of a new Policy for your replacement Device is optional instore.

## 2.10 Courier costs

We will cover the costs (within Australia) of transporting your Device to our approved repairer and back again.

### How will my Device be delivered to the Service Provider?

Once you raise a claim, our Service Provider will send the courier instructions. You just need to call the courier or take the Device to your local post office and they will arrange to send the Device to our Service Provider.

Once the repair is completed, the Service Provider will arrange to return your repaired Device to you.

## Delivery costs of replacements

When a replacement is issued you will be required to go into a Camera House store to collect your Device. However, at your request and subject to approval of your claim, we will arrange for any replacement Device to be delivered via courier to you anywhere in Australia at our expense.

## 2.11 Unlimited repairs

There is no limit to the number of times you can claim during your period of cover, unless you receive a new replacement as a result of a claim. If you make a claim and are provided with a new replacement Device, your Policy will end.
